*By signing this or providing an electronic signature, I attest that a pre-test has been performed at the above location for the above-named system type. I have found no failures to the system and I further attest that the system will be ready to test at the scheduled time with the Fire Department. I am aware that if the system is not ready to test/inspect, any deficiencies are found, or if any failures occur during the test an acceptance failure will result. If a failure is assigned, a new pre-test shall be performed and a new inspection scheduled after appropriate re-inspection fees are paid.*
