Project #	TBD6
Project Name	Sherley Storage Tank Rehabilitation

Type Improvement
Useful Life 25 years
Category Water
Priority 2 Very Important

Description	Total Project Cost: \$195,000
<p>Rehabilitation of historic water tower downtown as visual landmark (not in service) including any potential metal work, potential lead mitigation, sandblasting, prime coat and repaint. This tank, while not in service, reflects on our water system. If it is to be retained, it should be restored. The tank is a historic landmark, is located in our historic district, stands near a historic church and should be preserved. Tanks of this type were common in the 1920's, and this tank is from that era.</p>
