Pitching

Player pitcher (these rules are in affect when a player pitcher is pitching)

1. If the pitcher delivers 4 balls with less than 3 strikes, a coach-pitcher of the hitting team will begin pitching with the existing strike count.
2. No bases will be awarded to the batter unless hit-by-the pitch of a player-pitcher.
3. There is no limit on fouled third strikes.

Coach pitcher (these rules are in affect when a coach pitcher is pitching)

1. A pitch delivered with an arch exceeding six (6) feet above the ground will result in a dead ball strike.
2. Each pitch delivered will count as a strike.
3. There is no limit on fouled third strikes.
4. The batter will **not** be awarded a base if hit by a pitch.
5. While a coach is pitching...
 - the player pitcher will have at least one foot inside the pitching circle
 - the player pitcher will not interfere with the delivery of the coach's pitch,
 - the coach must pitch with at least one foot in contact with the pitcher's rubber.
 - the coach must pitch underhand, but no other formalities apply to the coach pitcher.
 - the coach should make every attempt to not interfere with fielding or throwing of the defensive team.
 - the umpire may make the interference call in instances where the coach pitcher blatantly interferes with the play. This will result in a dead ball, the batter being called out and all base runners returning to the base they occupied when the pitch was made.
6. Illegal pitches will be called.

Base Stealing

1. Base stealing is **not** allowed when a coach pitcher is pitching. Base stealing is permitted only during player pitching.
2. Stealing home is **not** permitted.

3. Players may advance as far as third base on an overthrow of any base during a steal attempt, but cannot go home on an overthrow of any base during a steal attempt as stealing home is **not** permitted.

Example... The base runner is on 1st base. She leaves the base once the ball is released from the player pitcher's hand in an attempt to steal 2nd base. The catcher's throw to 2nd base does not reach 2nd base, whether this is an under throw, over throw or wild throw does **not** matter. The base runner can continue onto 3rd base at her own peril, but cannot advance home.

4. The only ways to proceed home from 3rd base is either on a hit ball or bases loaded hit-by-pitch batter from a player pitcher.

5. The "last base acquired" rule is **NOT** in play during steals or attempted steals.

Base Running

On a batted ball bases are open and the runners are free to circle the bases until the pitcher has control of the ball in the pitching circle and is not in an attacking position.

Examples of "attacking positions" are: ball in hand while looking at a base runner, ball in hand in glove while looking at a base runner, ball in hand in throwing position.

Examples of NON-"attacking positions" are: ball in hand or ball in hand in glove while not looking at base runners or while looking directly at home plate area
